TO : DIRECTOR, FBI (100-374607)  
 FROM : SAC, NEW YORK (100-1351)  
 SUBJECT: ALVIN KARPIS, et al.  
 DATE: November 5, 1932  
 RE: NEW YORK airtel to the Bureau, 10 to Atlanta, dated 10-31-32.

Subject BROTHMAN testified under oath before U. S. Commissioner JAMES A. HOLLEN in Atlanta, and was discharged on a poor conviction oath. These were at the hearing were U. S. Commissioner HOLLEN, and J. M. BROWN, BROTHMAN's wife, J. I., Assistant U. S. Attorney, STANLEY, et al., and an unidentified man. Subject's wife, J. I., and the unidentified man were not placed under oath and did not take an active part in the hearing.

Assistant U. S. Attorney STANLEY advised that the following transpired at the hearing:

Subject BROTHMAN testified under oath and stated he had any property of value either tangible or intangible and advised that the BROTHMAN's week that his wife had been receiving from the Techniflex Corporation represented an advance to him by the Techniflex Corporation against royalties that would be due to him for a valve that he designed for Techniflex, which valve has not yet been manufactured or sold. Subject BROTHMAN advised that negotiations had been completed for the manufacture and the sale of this valve.

BROTHMAN advised that these payments made to him by Techniflex had not been continuous amounts but rather had been paid to him during a portion of the time he was in the penitentiary.

BROTHMAN testified under oath that he has a claim against the Government of aeronautical design of the Republic of China, 2100 Larcade Place, Washington, D.C. This claim is in the amount of not less than \$11,000 nor more than \$10,000 of an original \$35,000 that was to be paid to the Government for developing processes in the manufacture of various chemicals.

## Office Memorandum

UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI (100-365040)

DATE: 11/12/52

FROM : SAC, NYC (100-21470)

SUBJECT: ABRAHAM BROTHMAN, was.  
ASCERTAINING FINANCIAL ABILITY

Reference is made to New York Air-Tel dated October 30, 1952, requesting Washington Field Office to interview JACOB FREIDUS at District Jail concerning financial agreements with subject.

On November 4, 1952, at 1:05 P.M., JACOB FREIDUS was interviewed at the District Jail, 19th and C Streets, Northeast, by Special Agents HOLLIS W. BOWERS and MAURICE A. TAYLOR. In connection with the interview of FREIDUS an interview form of the District Department of Correction had to be signed by FREIDUS consenting to his being interviewed. He was advised by the Agents that he did not have to consent to an interview and that statements made by him would be voluntary. FREIDUS was told of the interest of the United States Attorney for the Southern District of New York in the financial status of ABRAHAM BROTHMAN.

FREIDUS began talking by stressing the fact that it is his impression that ABRAHAM BROTHMAN was finished with Communism and the field of politics. He stated that he (FREIDUS) does not want any involvement with Communism. He said it was his impression that BROTHMAN had become sympathetic with Communism because of the fact that engineers in the 30's could not get jobs and that BROTHMAN on his own had made efforts to provide jobs for engineers. He said that he first met ABRAHAM BROTHMAN at the Westside Detention Headquarters, New York, New York, and that they didn't spend too much time discussing Communism but their interests ran to the scientific fields and principally because BROTHMAN appeared happiest when discussing scientific matters. FREIDUS was also interested through his companies interests and his own studies in City College of New York.

FREIDUS said that BROTHMAN had told him that JACOB GOLOS introduced HARRY GOLD as an individual looking for a job. BROTHMAN stated that GOLD was not too competent but that he felt sorry for him and kept him on. BROTHMAN told FREIDUS that MIRIAM YOSKOWITZ wanted to fire HARRY GOLD because

he was not competent. FREIDUS stated he spent about seven months with BROTHMAN in Westside and that they could sit around all the day and talk. He said he arranged to have his cell moved next to that of BROTHMAN in order that they could talk. FREIDUS stated that others at Westside because of Communist activities at the time were [redacted] and [redacted], both of whom talked about Communism and always started off with the premise that it was the only thing. He stated that [redacted], considered by him to be a "loud mouth" tried to impress him with the fact that "Wall Street" was running the country. He said this was apparently done because of [redacted] having learned that FREIDUS owned considerable property and companies. He stated that on one occasion [redacted] was talking to him in his usual manner when [redacted] came over and spoke to [redacted] after which he no longer gave the "Wall Street" line to FREIDUS. b7c

FREIDUS stated that OSCAR JOHN VAGO was also at Westside and that in his opinion VAGO was an "out and out Communist" who endeavored to convert FREIDUS to Communism. Further that he (FREIDUS) would say to VAGO how can one agree with Communism when they have an election with only one party and ninety nine per cent of the votes are for STALIN. FREIDUS stated that he could not, in any manner, reason with VAGO. b7c

With regard to the finances of ABRAHAM BROTHMAN, FREIDUS related the following:

BROTHMAN told him that he had sold certain patent or royalty rights for \$25,000 or some such figure to EDWARD NORMAN, a wealthy philanthropist who lives on 5th Avenue in New York. FREIDUS said NORMAN was a stockholder in Sears, Roebuck Company and is believed to be related to JULIUS ROSENWALD also of Sears, Roebuck, Company. BROTHMAN used

93-6451-3

WFO 100-81471

the money was paid and inadvertently or mistakenly made no provision for retaining the money back. He said that the transaction was handled by BROTHMAN in such a manner as to make it appear that the money came from relatives and/or friends. FREIDUS would not elaborate any further on the sale of the BROTHMAN.

BROTHMAN's chemical business went bankrupt while he was in jail and he is absolutely broke. BROTHMAN owns a house in Poughkeepsie, New York, which was mortgaged by a local bank for about \$7,000. The value of the house was approximately \$15,000. It is believed that BROTHMAN owned an automobile. FREIDUS authorized [redacted], President of Techniflex which is owned by FREIDUS and his family, to pay to [redacted] of Techniflex, \$5,000 which [redacted] paid over to Mrs. BROTHMAN who in turn paid JOHN McKIM MINTON the \$5,000 on the date MINTON argued BROTHMAN's appeal in the Court of Appeals. The payment to MINTON was handled through Mrs. BROTHMAN in order that MINTON would not know that FREIDUS was a source of funds, in view of the fact that FREIDUS had to pay MINTON \$25,000 for arguing his appeal. [redacted] has been paying \$100 a week to the family of ABRAHAM BROTHMAN in order for them to have funds for living expenses. He stated that there are no written or verbal agreements in connection with this \$100 a week payment. FREIDUS advised that while BROTHMAN has been in jail he has been able to obtain permission to send blueprints to Techniflex concerning certain temperature pressure controls for which patent applications are to be made. He states it takes approximately two years for a patent application to go through. FREIDUS also pointed out that [redacted] is a former employee of BROTHMAN and that he gave him the job at

b7c

b7c

FOIA b 7 - 21470

BROTHMAN's instigation. FREIDUS stated that he believed some of the blueprints prepared by BROTHMAN were sent to the office of JAMES BENNETT, Bureau of Prisons, Washington, D.C., for transmittal to New York. FREIDUS stated the money paid to the BROTHMAN family comes out of the Techniflex Corporation and that the patent benefits on the patents submitted by BROTHMAN will be for the Techniflex Corporation.

FREIDUS advised that a tentative agreement, of approximately one page in length, was prepared in longhand by he and BROTHMAN while at Westside. He stated that it was a very nebulous agreement providing that if and when BROTHMAN got out, FREIDUS would have an option to exploit certain chemical patents held by BROTHMAN and the basis for payment would be on the royalties. The agreement provides for an increase from one to three per cent of the sales value. He said he believed that there were seven original chemical patents involved in this agreement and that he had a copy which he either sent to his attorneys or placed in records at his home. FREIDUS stated that he doubts whether or not his attorneys know of the existence of the agreement; that it actually is not worth the paper it is written on unless both parties personally back the agreement. FREIDUS would not provide the names of his attorneys stating that he did not want them contacted as they would be angry with him for having talked to the FBI. He stated that he had been instructed by his attorneys not to talk to any Government agents.

With respect to a color television invention by BROTHMAN, FREIDUS stated that BROTHMAN had devised a cylinder which would revolve before the TV screen as compared with the CBS color disc which revolved. He stated the cylinder was less bulky and that nothing had been paid BROTHMAN for this invention. He stated that about the time BROTHMAN devised this invention color television was pushed out of the public eye by FCC Directives.

98 6451 3

WFO 100-21470

With respect to BROTHMAN, FREIDUS advised that BROTHMAN had stated his wife always objected to his political activities and felt that the Communist made a sucker out of him. He said that BROTHMAN avoided VAGO while at Westside.

FREIDUS said that his interest in BROTHMAN was solely because of the fact that he believes BROTHMAN has a great scientific mind, that he is "fluid" in that he can transfer from one field of scientific endeavor to another and can do well in many fields. He said he hopes to use BROTHMAN's services after he is released from jail in his companies in New York, but that BROTHMAN could go to work for someone else as he has nothing binding on BROTHMAN. FREIDUS states that there are no agreements between BROTHMAN and any of FREIDUS's companies.

It is to be noted that JACOB FREIDUS is the subject of Washington Field Office investigations entitled, JACOB FREIDUS, STANLEY TELEVISION CORP., ET AL. BRIBERY; and AGENCY, REC; MAIL FRAUD. b7c

New York Office is cognizant of these two investigations.

On October 17, 1952, a Grand Jury in Washington indicted FREIDUS and MOHL on two counts under Title 18, Section 1001; and one count under Title 18, Section 371, U.S. Code, and the trial for this case is set for December 10, 1952. RUC.

## SYNOPSIS OF FACTS:

Investigation predicated upon request of USA, SDNY to determine the assets of the subject. BROTHMAN was a partner in the firm of A. Brothman and Associates and went out of business in 1950. This firm had contracts with Stanton Laboratories, Philadelphia, Pa. for designing process to manufacture thyo-glycolate. Amount due under contract never collected by firm. NAOMI BROTHMAN, wife of subject, has been receiving \$100.00 per week from Techniflex Corp., Port Jervis, NY, as a result of royalties due BROTHMAN from this firm. JACOB FREIDUS advised BROTHMAN sold twenty five thousand dollars worth of patents to EDWARD MORAN, NYC, but that Techniflex has no agreements with BROTHMAN. Bank account of NAOMI BROTHMAN reflects no substantial assets. Credit negative.

## DETAILS:

This investigation was predicated upon a request from the United States Attorney, Southern District of New York, for an investigation to determine the subject's assets in order that efforts might be made to collect the \$10,000.00 fine levied against him in November, 1950.

The records of the County Clerk's Office, New York County, Supreme Court Building, New York City, reflect that Partnership Certificate Number 2161 was filed on February 28, 1945 by MIRIAM MOSKOWITZ, 151 Eighth Avenue, New York City. The Certificate listed the following partners:

ABRAHAM BROTHMAN  
4108 42 Street,  
Long Island City, New York

JULES KORCHIEN  
46 Washington Square South  
New York City

OSCAR J. VAGO  
6607 99 Street  
Forest Hills, New York

GERHARD N. WOLLAN  
28 Reeve Place  
Brooklyn, New York.

The partnership was to do business at 114 East 32 Street, New York City. On October 16, 1946 Certificate of Dissolution of the above partnership was filed by MIRIAM MOSKOWITZ, room 1215, 29-28 41 Avenue, Long Island City, New York, listing the same four partners as stated above.

On September 16, 1950 Certificate of Amendment of the Certificate of Incorporation of Ulster Chemicals Incorporated was filed by LOUIS E. SCHEINMAN and CLARE KORNBLAU, as president and secretary respectively, of Ulster Chemicals Incorporated. The Certificate of Amendment indicates that the Certificate of Incorporation was filed on March 29, 1949 at the office of the Department of State, Albany, New York. The Certificate of Amendment amended the original certificate as follows:

The name was changed from Ulster Chemicals Incorporated

93-645-4

NY 93-576

to Tested Chemicals Incorporated. The place of business was changed to 350 Fifth Avenue, New York City, care of WILLIAM L. MESSING.

The records of the Clerk of the United States District Court, Southern District of New York, Bankruptcy Docket Number 87857, reflect that a Voluntary Bankruptcy Petition was filed by Tested Chemicals Incorporated on April 30, 1951 before Judge EDWARD WEINFELD, Southern District of New York. CLARE KORNBLAU signed the petition as secretary of the corporation.

At the same time a petition was filed requesting the court's permission to extend filing dates of schedules for twenty days and Statement of Affairs for ten days. This petition stated that this request was made necessary by the fact that Kepec Chemical Corporation, landlord of the premises occupied by Tested Chemicals, had served notice on Tested Chemicals that it would sell all of the assets at a "distress sale" on April 30, 1951 to pay \$400.00 rent due the landlord. The equipment on the premises was estimated to be worth \$8,000.00 to \$10,000.00.

Schedules and a Statement of Affairs were filed on May 11, 1951. They reflected that the business was engaged in the development and manufacture of chemical products but that the business never commenced. The Statement of Affairs indicates that the books were under the supervision of MIRIAM MOSKOWITZ, 772 Boulevard, Bayonne, New Jersey, from September, 1950 to November, 1950 and under the supervision of S.J. MOSKOWITZ and LOUIS SCHEINMAN from March, 1949 to September, 1950. LEO SCHAPPER, 444 Madison Avenue, New York City, was listed as the auditor. The books and records were stated to be in the possession of CLARE KORNBLAU, 82 Danforth Avenue, Jersey City, New Jersey. Bank accounts were listed at the Peoples National Bank of Keyport in the names of CLARE KORNBLAU and ESTER TANYA and at the Broadway National Bank, Bayonne, in the names of

LOUIS SCHEINMAN and S. J. MOSKOWITZ. The officers were listed as follows:

Also listed were numerous accounts payable for merchandise and equipment, making up total liabilities of \$20,697.66.

The following assets were listed:

Lease with Rego Chemical Corporation,  
security deposit \$ 675.00

Machinery and equipment at plant in  
Cliffwood, New Jersey 8,000.00

Insurance policies, Bankers Indemnity-  
Workmen's Compensation, Homeland  
Insurance Company, fire insurance-  
value of policies not known.

There were no other assets listed.

SAM LIPSON, attorney, 67 West 44 Street, New York City, advised that he was attorney for the Trustee in Bankruptcy of Tested Chemicals Incorporated. He made available all the books and records that had been turned over to him. These records included cancelled checks, bank statements and passbooks from the Peoples National Bank of Keyport and the National Bank of Bayonne. No other books and records were available and LIPSON stated that since the company never commenced doing business, he did not believe any other records existed.

LIPSON stated that the machinery and equipment had been sold at auction for \$7,776.25, of which \$4,046.93 was turned over to the Trustee, the remaining \$3,729.32 going for expenses. LIPSON stated that there were no other assets to be disposed of and as far as he is concerned, the matter is closed.

It should be noted that during interviews conducted during 1950 with ABRAHAM PROTHMAN and MIRIAM MOSKOWITZ by

92-6451 4

NY 93-576

agents of the New York office of the Federal Bureau of Investigation, both advised that Elster Chemicals Incorporated was established to manufacture a more permanent wave lotion. Both BROTHMAN and MOSKOWITZ were hired by Elster to design the plant and set up the process for manufacturing this lotion. At the time of their arrest on July 26, 1950, they were still working on this process.

Confidential Informant T-1, of known reliability advised that the firm of A. Brothman and Associates formerly maintained a bank account at the Long Island City Branch of the National City Bank, Ridge Plaza North at 29 Street, Long Island City, which account was closed in 1950.

Confidential Informant T-2, of known reliability, furnished the following information concerning the bank account of A. Brothman and Associates and ABRAHAM BROTHMAN and NAOMI BROTHMAN at the Queens Plaza Branch of the National City Bank.

A joint account with ABRAHAM BROTHMAN and/or NAOMI BROTHMAN was opened at the 32 Street Branch of the National City Bank on May 3, 1945 and was transferred to the Queens Plaza Branch in 1946, at which time the balance was \$113.76. The account was closed on January 25, 1951, at which time a balance of \$3.56 remained. This account never exceeded \$350.00 and the balance was usually less than \$100.00. BROTHMAN gave his place of business as Aromatic Chemicals, 114 East 32 Street, New York City, when he opened the account.

A. Brothman and Associates maintained an account at the Queens Plaza Branch but it was closed on October 31, 1950, at which time it was \$1.84 overdrawn. An average balance of less than \$1,000.00 was maintained. ABRAHAM BROTHMAN and MIRIAM MOSKOWITZ had authority to sign checks.

Confidential Informant T-3, of known reliability,

68-6451

NY 93-576

advised that ABRAHAM BROTHMAN applied for a personal loan at the National City Bank on September 12, 1950.

Confidential Informant T-4, of known reliability, advised that BROTHMAN'S application for a loan in 1950 had been denied and that the application could not be located. T-4 advised that a loan of \$2,000.61 was made to ABRAHAM BROTHMAN on May 16, 1949 by the National City Bank. This loan was for a 1949 Oldsmobile car, which was insured by the Berkshire Mutual Fire Insurance Company, 440 Broadway, New York City. BROTHMAN'S attorney was listed as WILLIAM L. MASSING, 350 Fifth Avenue, New York City. T-4 could supply no further information pertinent to this investigation.

THOMAS J. KIERNAN, an attorney with the firm of CLEAR, GOTTLIEB, FRIENDLY and FAMILTON, 52 Wall Street, New York City, advised that on October 11, 1946 a Certificate of Partnership was filed between ABRAHAM BROTHMAN, OSCAR VAGO and MIRIAM MOSKOWITZ. This partnership was dissolved on June 3, 1948 with BROTHMAN and MOSKOWITZ continuing as a partnership without any formal agreement. Under the terms of the original agreement, BROTHMAN'S interest amounted to 70% with VAGO and MOSKOWITZ each having 15%. KIERNAN believed that under the BROTHMAN, MOSKOWITZ arrangement, her interest amounted to 30%. At the time the partnership between BROTHMAN, VAGO and MOSKOWITZ was dissolved, it had assets of \$21,515.00 and liabilities of \$46,451.00.

Further according to KIERNAN, A. Brothman and Associates on November 11, 1947 entered into an agreement with Stanton Laboratories of Philadelphia, Pennsylvania, in which BROTHMAN agreed to set up a process and design plant and building for the manufacture of ammonium thyoglycolate. For this work A. Brothman and Associates were to receive \$10,500.00 plus 10% of Stanton's profits for five years. However, if these profits were not sufficient to give the Brothman firm \$100,000.00 during this five year period, then the period was to be extended to ten years. KIERNAN believed that the plant was actually built by

NY 93-576

BROTHMAN and put into operation but that he was never able to collect on his agreement because Stanton claimed that the process was not as BROTHMAN had warranted. To date no action has been started by BROTHMAN to obtain this money although KILMER believes that it is collectible.

VERONE KLINE, accountant, 1011 Finance Building, Philadelphia, Pennsylvania, who was former vice president of the Stanton Laboratories Incorporated, Philadelphia, was interviewed on October 30, 1952 and furnished the Philadelphia office with the original contract entered into by the Stanton Laboratories Incorporated and A. Brothman and Associates for the manufacture of ammonium thyo-glycolate. KLINE advised that A. Brothman and Associates did not live up to the terms of this contract and that they never did complete the process of setting up the plant for operation.

KLINE advised that an explosion occurred at the plant in October, 1949, resulting in a fire which completely destroyed the plant. Stanton Laboratories Incorporated never resumed operations after this and subsequently went into bankruptcy in May, 1951. KLINE stated that Stanton Laboratories Incorporated met with all of the terms of the contract entered into with A. Brothman and Associates prior to the discontinuance of BROTHMAN'S services. He advised that even if A. Brothman and Associates had been successful in putting this plant into operation, they would still have no money due them under the terms of the contract since their compensation was based upon the net profits of the plant's operations, of which there were none.

KLINE advised that the services of A. Brothman and Associates were terminated for the following reasons:

- 1- The cost to complete the process of setting up the plant to produce ammonium thyo-glycolate was running three times that agreed upon in the terms of the contract.
- 2- The time involved in the completion of this process far exceeded the estimated time agreed upon in the contract.

93 6451 4

NY-93-576

3- The process as set up by A. Brothman and associates would not produce any acid according to the specifications set out in the contract. b7d

Techniflex Corporation, Port Jervis, New York, advised Special Agents WILLIAM P. MORTON and JOHN A. HARRINGTON in January, 1952 that he was paying NAOMI BROTHMAN approximately \$100.00 per week for the use of a "one inch on-and-off-type packless valve," designed by ABRAHAM BROTHMAN. [redacted] stated that in the beginning, these checks were made out to him and that he endorsed them and thereafter gave the cash to NAOMI BROTHMAN, but that now the checks are made out to him as trustee and he later turns the funds over to NAOMI BROTHMAN. [redacted] stated that this is the result of an arrangement between the Techniflex Corporation and NAOMI BROTHMAN, the terms of which he is not aware. b7d

[redacted] stated that he plans to work with BROTHMAN on plastic research when BROTHMAN is released from jail. [redacted] advised that in addition to being chief engineer of Techniflex he is vice president of Remotrol, which is a wholly-owned subsidiary of Techniflex and which also located in Port Jervis, New York. Remotrol is engaged in research work in producing items to be manufactured and distributed by Techniflex. b7d

The records of the New York County Clerk's Office, Supreme Court Building, New York City, reflect that the Techniflex Corporation was issued its New York Certificate Number 11527 on July 9, 1948, giving the business address as 45 Crosby Street, New York City. The principals in this business were listed as JACOB PRINCE, 1100 Avenue Road, Great Neck, Long Island, New York, and ALFRED WREIDUS of the same address.

Confidential Informant T-5, of known reliability, furnished the following information concerning the bank account of NAOMI BROTHMAN at the Manufacturers Trust Company.

Confidential Informant T-7, of known reliability, advised that BROTHMAN indicated that he had "sold himself financially to JACOB FREIDUS." This informant further advised that BROTHMAN was working on a patent, which if developed, would belong one hundred per cent to FREIDUS.

JACOB FREIDUS was interviewed by Special Agents ROLLIS W. BOWERS and MAURICE A. TAYLOR on November 4, 1952 at the District Jail in Washington, D.C. It is noted that FREIDUS was indicted on October 17, 1952 and his trial is set for December 10, 1952. FREIDUS stated that he first met BROTHMAN at the West Street Detention Headquarters in New York City and that their discussions centered around

93-576

the scientific fields. FREIDUS stated that he spent about seven months with BROTHMAN at the Federal House of Detention in New York City. With regard to the finances of ABRAHAM BROTHMAN, FREIDUS related the following:

BROTHMAN told him that he had sold certain patent or royalty rights for around \$25,000.00 to EDWARD NORMAN, a wealthy philanthropist who lives on Fifth Avenue in New York City. FREIDUS stated that NORMAN was a stockholder in Sears Roebuck Company and is believed to be related to JULIUS ROSENWALD, also of Sears Roebuck Company. According to FREIDUS, BROTHMAN used this money for bail and handled the transaction in such a manner as to make it appear that the money came from relatives or friends. FREIDUS did not elaborate any further on this sale to NORMAN.

FREIDUS stated that BROTHMAN'S chemical business went bankrupt while he was in jail and that he is absolutely broke. BROTHMAN owns a house in Poughkeepsie, New York, which was mortgaged by a local bank for about \$7,000.00. The value of the house was approximately \$15,000.00. It is believed that BROTHMAN owned an automobile. FREIDUS authorized [redacted], president of Techniflex, which is owned by FREIDUS and his family, to pay [redacted] of Techniflex, \$5,000.00 which GOLDFARB paid over to Mrs. BROTHMAN, who in turn paid JOHN McKIM MINTON the \$5,000.00 on the date MINTON argued BROTHMAN'S appeal in the Court of Appeals. The payment of MINTON was handled through Mrs. BROTHMAN in order that MINTON would not know that FREIDUS was a source of funds, in view of the fact that FREIDUS had to pay MINTON \$25,000.00 for arguing his appeal. [redacted] has been paying \$100.00 a week to the family of ABRAHAM BROTHMAN in order for them to have funds for living expenses. He stated that there are no written or verbal agreements in connection with this \$100.00 a week payment. FREIDUS advised that while BROTHMAN has been in jail he has been able to obtain permission to send blueprints to Techniflex concerning certain temperature pressure controls for which patent applications are to be made. He stated that it takes about

b7c

NY-93-576

two years for a patent application to go through. FREIDUS also pointed out that [REDACTED] is a former employee of BROTHMAN and that he gave him the job at BROTHMAN'S instigation. FREIDUS stated that he believed some of the blueprints prepared by BROTHMAN were sent to the office of JAMES BENNETT, Bureau of Prisons, Washington, D.C., for transmittal to New York. FREIDUS stated that the money paid to the BROTHMAN family comes out of the Techniflex Corporation and that the patent benefits on the patents submitted by BROTHMAN will be for the Techniflex Corporation. b7c

FREIDUS advised that a tentative agreement, of approximately one page in length, was prepared in longhand by him and BROTHMAN while at West Street. He stated that it was a very nebulous agreement providing that if and when BROTHMAN got out, FREIDUS would have an option to exploit certain chemical patents held by BROTHMAN and the basis for payment would be on the royalties. The agreement provides for an increase from one to three per cent of the sales value. He said he believed that there were seven original chemical patents involved in this agreement and that he had a copy which he either sent to his attorneys or placed in records at his home. FREIDUS stated that he doubts whether or not his attorneys know of the existence of the agreement; that it actually is not worth the paper it is written on unless both parties personally back the agreement. FREIDUS would not provide the names of his attorneys stating that he did not want them contacted as they would be angry with him for having talked to the Federal Bureau of Investigation. He stated that he had been instructed by his attorneys not to talk to any government agents.

With respect to a color television invention by BROTHMAN, FREIDUS stated that BROTHMAN had devised a cylinder which would revolve before the television screen as compared with the Columbia Broadcasting System color disc which revolved. He stated the cylinder was less bulky and that nothing had been paid BROTHMAN for this invention. He stated that about the time BROTHMAN devised this invention

NY 93-576

color television was pushed out of the public eye by Federal Communications Commission directives.

FRAIDUS stated that he hopes to utilize BROTHMAN'S services after the subject is released from jail but that BROTHMAN can go to work for someone else as he and BROTHMAN have no binding agreements. He stated that there are no agreements between BROTHMAN and any of the companies with which he (FRAIDUS) is affiliated.

The following investigation at Croton-on-Hudson and White Plains, New York, was conducted by SA JAMES E. GORDON:

Confidential Informant T-8, of known reliability, advised that the First National Bank, Croton-on-Hudson, New York, made a loan agreement with Mrs. NAOMI BROTHMAN, 41-08 42 Street, Long Island City, New York, on October 13, 1948 in the amount of \$2,000.00 to expire October 13, 1950.

On September 7, 1950 the loan was refinanced and increased to \$3,500.00. The balance at the present time is \$2,907.48 and the monthly payments are \$37.12 to expire September 7, 1960.

T-8 advised that Mrs. BROTHMAN took title to this property in her name from one CECILE HELLMAN by a deed dated May 15, 1945 subject to a mortgage in the amount of \$4,500.00. The application for the mortgage, dated August 12, 1948, reflected that NAOMI BROTHMAN was married to ABRAHAM BROTHMAN, a self-employed engineer at 29-28 49 Avenue, Long Island City. She indicated that she had a checking account at the National City Bank, Long Island City. The property on which the mortgage was granted is located at Furnace Dock Road and Oak Lane, Peekskill, New York.

The records of the County Clerk's Office, Westchester County, White Plains, New York, were examined and it was determined that NAOMI BROTHMAN has not carried any mortgage on property in Westchester County since May, 1945.

NY 93-576

A check of the registry of deeds and loans reflected no information to indicate that NAOMI BROTHMAN has transferred property held in her name since May, 1945.

The record of deeds reflected that on May 19, 1945 there was filed a deed executed on May 15, 1945 by CECILE HELLMAN, 1250 Andrews Avenue, Bronx, New York, transferring to NAOMI BROTHMAN, 41-08 42 Street, Long Island City the property as described above. The record indicated that on May 19, 1945 a mortgage was filed which had been entered into on May 15, 1945 on the property previously described. This mortgage was between CECILE HELLMAN and NAOMI BROTHMAN in the amount of \$4,500.00.

The records of the Westchester Credit Bureau, White Plains, New York, reflect no information concerning ABRAHAM or NAOMI BROTHMAN.

SE EDWARD C. UTZ checked the files of the Credit Bureau of Greater New York but nothing pertinent to this investigation was contained therein.

93-576

On November 5, 1952 the subject appeared before United States Commissioner FRANK A. GOLDMAN, Atlanta, Georgia, and was discharged on a poor convicts oath. BROTHMAN testified under oath and denied he had any property of value either tangible or intangible. He stated that the \$100.00 per week that his wife was receiving from the Techniflex Corporation represented an advance to him by the Techniflex Corporation against royalties that might be due to him for a valve that he designed for Techniflex, which valve has not yet been manufactured or sold. BROTHMAN further testified that he has a claim against the Commission of Aeronautical Affairs of the Republic of China, 2100 Leroy Place, Washington, D.C., of not less than \$11,000.00 and not more than \$16,000.00. He stated that he has documents in a New York bank to substantiate this claim and that he intends to contact the United States Attorney in New York City within thirty days after his release. BROTHMAN stated he had received a letter from the Commission of Aeronautical Affairs one week prior to his arrest, which letter in substance admitted the claim BROTHMAN has against the Commission.

The facts of this case were discussed with United States Attorney, Southern District of New York, THOMAS LEE. Mr. LEE advised that he contemplated asking the subject and NAOMI BROTHMAN to appear before him for examination under oath in the near future.

ASCERTAINING FINANCIAL ABILITY

AUSA THOMAS LEE, SDNY, advised on 1/30/53 that inasmuch as the ABRAHAM BROTHMAN and MIRIAM NOSKOWITZ cases would probably be reassigned in the near future, he did not contemplate taking any action in these cases in order that his successor could take them over more easily.

The USA's office, SDNY, will be recontacted when these matters have been reassigned.

BROTHMAN BROTHMAN has no financial interest in Techniflex or Remotrol. He stated that JACOB FREIDUS met the subject in the Federal House of Detention, New York City, and took a liking to him. FREIDUS decided to help BROTHMAN out financially in the appeal of his case and to assist BROTHMAN'S wife while he was in jail. BROTHMAN was not bound except morally to work for FREIDUS after he was released from jail. BROTHMAN and FREIDUS merely had an oral agreement that BROTHMAN would work for Techniflex after his present release.

██████████ said that a contract was entered into between Techniflex and ██████████ and that he could not locate a copy of the contract in the Corporation files. He later obtained one from ██████████ and had it photostated. His independent recollection of the contract was that because ██████████ had worked with the subject and had access to the subject's files he would be able to furnish information concerning a valve idea, and a colored television idea. ██████████ thought that the basis idea of the contract was to pay the subject through ██████████ a royalty on the subject's patents. ██████████ was paid \$100 per week advance royalties on projects Techniflex had in mind on which BROTHMAN had done and could perform work. b7c

The contract made in March, 1951 between Techniflex and ██████████ was an employee agreement, the Corporation being the employer and ██████████ being the employee. Under the terms of the contract ██████████ was employed for five years as a Chemical and Designing Engineer to design and invent equipment used in mixing equipment, valves and valve operations, filter and centrifuge, liquid level control equipment, and processing methods. He was to assign title to all his inventions, design patents and other patents to the employer. He was to be paid \$110 per week, in addition he was to receive \$100 per week for two years, as drawings to be credited toward royalties. b7c

██████████ said that Techniflex paid ██████████ \$5000 for BROTHMAN'S attorney's fee for his appeal and then he was paid an additional \$100 per week. ██████████ first turned the check over to NAOMI BROTHMAN directly, then he was paid as a trustee and then in turn paid them to NAOMI BROTHMAN. Later a special account was set up by Remotrol to handle this royalty account. b7c

[REDACTED] is now employed as an Engineer by Techniflex and they have absorbed him into their organization. [REDACTED] made available the cancelled checks in his possession which were paid to BROTHMAN through [REDACTED]
